   vi. Centers for Excellence are located throughout the country and deal with variety of topics.

5. Unfinished (Ongoing) Business

   a. Research Projects – Kevin Slates reporting
      IDHS Educational Needs Survey was handed out and is ready to be published electronically via the IDHS and Zoomerang. Likely respondents are emergency managers, industrial safety managers, facilities managers, health care managers, public safety personnel, etc.

      Recommended change to include a location of employment by zip code or other geographic locator. Also ethnicity should be eliminated as a response. Approved

      Some other questions were analyzed and critiqued. A discussion of the purpose and use of the results, approval from IRB, benchmarking, and the process followed to develop the survey. Results would be available to members of the board for faculty research or project development.
List serves are needed – please send to Kelly Brown at kelkebro@iuk.edu.

6. New Business

   a. Special Projects – Alan Scott – CERT has funding to begin CERT Training on college campuses and also in high schools. Asking for additional contacts. Determine who would be trained? Faculty/staff or students? Who on campus will advocate this program? Funding available until March 2010. ascott@dhs.in.gov

   b. Meeting sites at one central location in Indianapolis or selection of other meeting locations. – Ray offered an opinion on planning different locations – perhaps centralizing meeting locations in Indianapolis with exception of one meeting (May?) hosted in a different city.
