Would you like to help provide nesting habitat for an Eastern Bluebird? These beautiful songsters of fields and meadows suffer from a lack of natural nesting cavities. Workshop participants will build a Peterson style nest box to take home and learn how to manage it. Guidelines will also be given on where and how to place your box. If you would like to attend the workshop but don't have a rural setting to place a nest box in, you can donate your box to Potato Creek for use on their bluebird trail. Attendance will be limited and advance registration is strongly recommended. The fee for the workshop materials is \$20 per box. Normal park gate fees will apply. To register or for more information call Potato Creek State Park, 574-656-8186.
