Chain O’ Lakes State Park encompasses 2,718 acres, including 212 surface acres of water and more than 7 miles of widely varying shoreline. Nine connecting lakes will be the center of your adventures at Chain O’ Lakes (13 lakes total in the park). This is lake country and a small boater’s paradise. Paddle through the chain of serene kettle lakes, hike the 23 miles of forested trails, fish the electric-motors-only lakes, rent a bicycle, visit the park’s historic one-room Stanley Schoolhouse, swim at the Sand Lake beach, or explore the Nature Center. Stay overnight in a forested hillside family cabin or in the campground.
