SECTION 229. (a) Notwithstanding IC 21-3-1.6, and subject to the amount appropriated by the general assembly for funding state tuition support, the state distribution for calendar year 1988 for tuition support to each school corporation equals the result determined in SECTION 37(b) of this act.

(b) Using the following formula, determine the school corporation's total available revenue for 1987, including state tuition support, property taxes, and money for new facilities, but excluding any increase in the school corporation's maximum general fund ad valorem property tax levy for taxes first due and payable during calendar year 1987 that is attributable to a decrease in federal aid to impacted areas:

STEP ONE: Add:

- (A) total state distribution for tuition support that the school corporation actually received in the 1987 calendar year; plus
- (B) the maximum general fund ad valorem property tax levy the school corporation may impose by law for taxes first due and payable during calendar year 1987.

STEP TWO: Subtract:

- (A) the STEP ONE sum; minus
- (B) any increase in the school corporation's maximum general fund ad valorem property tax levy for taxes first due and payable during calendar year 1987 that is attributable to a decrease in federal aid to impacted areas.

1988-5-230

SECTION 230. (a) Notwithstanding IC 21-3-1.6, and subject to the amount appropriated by the general assembly for funding state tuition support, the state distribution for calendar year 1989 for tuition support to each school corporation equals the result determined in SECTION

48(b) of this act.

(b) Using the following formula, determine the school corporation's total available revenue for 1988, including state tuition support, property taxes, and money for new facilities, but excluding any increase in the school corporation's maximum general fund ad valorem property tax levy for taxes first due and payable during calendar year 1988 that is attributable to a decrease in federal aid to impacted areas:

STEP ONE: Add:

- (A) total state distribution for tuition support that the school corporation actually received in the 1988 calendar year; plus
- (B) the maximum general fund ad valorem property tax levy the school corporation may impose by law for taxes first due and payable during calendar year 1988.

STEP TWO: Subtract:

- (A) the STEP ONE sum; minus
- (B) any increase in the school corporation's maximum general fund ad valorem property tax levy for taxes first due and payable during calendar year 1988 that is attributable to a decrease in federal aid to impacted areas.

1988-59-13

SECTION 13. (a) Notwithstanding IC 21-3-1.6, and subject to the amount appropriated by the general assembly for funding state tuition support, the state distribution for calendar year 1989 for tuition support to each school corporation equals the result determined in SECTION 48(b) of this act.

(b) Using the following formula, determine the school corporation's total available revenue for 1988, including state tuition support, property taxes, and money for new facilities, but excluding any increase in the school corporation's maximum general fund ad valorem property tax levy for taxes first due and payable during calendar year 1988 that is attributable to a decrease in federal aid to impacted areas:

STEP ONE: Add:

- (A) total state distribution for tuition support that the school corporation actually received in the 1988 calendar year; plus
- (B) the maximum general fund ad valorem property tax levy the school corporation may impose by law for taxes first due and payable during calendar year 1988.

STEP TWO: Subtract:

- (A) the STEP ONE sum; minus
- (B) any portion of the school corporation's maximum general fund ad valorem property tax levy for taxes first due and payable during calendar year 1988 that is attributable to:
 - (i) an increase in the 1988 levy due to a decrease in federal aid to impacted areas; or

(ii) the passage, after 1983, of a referendum for an excessive property tax levy.

1988-59-14

SECTION 14. Using the following formula, determine the state tuition support necessary to guarantee a five percent (5%) increase in total available revenue and for those school corporations receiving tuition support due to the guarantee, determine the amount of state tuition support necessary to recognize the growth, if any, in special and vocational education enrollment:

STEP ONE: Add:

- (A) the SECTION 42 result; plus
- (B) the school corporation's 1989 net adjusted general fund levy.

STEP TWO: Multiply:

- (A) the SECTION 38(b) result; by
- (B) one and five-hundredths (1.05).

STEP THREE: Determine the greater of zero (0) or the remainder of:

- (A) the STEP TWO product; minus
- (B) the STEP ONE sum.

STEP FOUR: Determine the greater of zero (0) or the remainder of:

- (A) the 1989 additional pupil count of the school corporation; minus
- (B) the 1988 additional pupil count of the school corporation.

If the amount determined in STEP THREE is zero (0) for a school corporation, the STEP FOUR result for that school corporation is zero (0).

STEP FIVE: Determine the product of:

- (A) seventy-five hundredths (0.75); multiplied by
- (B) one thousand five hundred sixty dollars (\$1,560); multiplied by
- (C) the 1989 teacher ratio; multiplied by
- (D) the STEP FOUR result.

STEP SIX: Add:

- (A) the STEP THREE amount; plus
- (B) the STEP FIVE product.

STEP SEVEN: Add:

- (A) the SECTION 42 result; plus
- (B) the STEP SIX result.

1988-59-15

SECTION 15. (a) A school corporation may receive an increase in state tuition support if its enrollment has increased. A school corporation qualifies for an increase in state tuition support under subsection (b) if the school corporation has had at least a ten percent (10%) increase in enrollment since 1984 using the percentage increase in ADM from 1984 ADM to 1989 ADM. However, if a school corporation has its 1989 maximum general fund property tax levy reduced under SECTION 20 of this act, the school corporation's STEP

TWO quotient is one and five-hundredths (1.05) for purposes of subsection (b), STEP THREE.

(b) For each qualifying school corporation, use the following formula and determine the amount of state tuition support necessary for the school corporation to achieve the same percentage increase in total available revenue per pupil for the 1989 calendar year as the percentage increase in total available revenue from the 1988 calendar year to the 1989 calendar year:

STEP ONE: Add:

- (A) the SECTION 45 result; plus
- (B) the school corporation's 1989 net adjusted general fund levy as reduced under SECTION 20 of this act.

STEP TWO: Divide:

- (A) the STEP ONE sum; by
- (B) the SECTION 38(b) result.

STEP THREE: Determine the product of:

- (A) the SECTION 39, STEP ONE amount; multiplied by
- (B) the STEP TWO quotient; and multiplied by
- (C) the school corporation's 1989 ADM.

STEP FOUR: Subtract:

- (A) the STEP THREE product; minus
- (B) the school corporation's 1989 net adjusted general fund levy as reduced under SECTION 20 of this act.

(c) A school corporation qualifies for an increase in state tuition support under this subsection if the school corporation does not qualify under subsection (a) and the school corporation's 1989 ADM is not less than its 1984 ADM. However, if a school corporation has its 1989 maximum general fund property tax levy reduced under SECTION 20 of this act, the school corporation's STEP TWO quotient is one and five-hundredths (1.05) for purposes of STEP THREE of this subsection. For each qualifying school corporation, use the following formula and determine the amount of state tuition support necessary for the school corporation to achieve seventy-five percent (75%) of the increase in total available revenue per pupil for the 1989 calendar year compared to the percentage increase in total available revenue from the 1988 calendar year to the 1989 calendar year:

STEP ONE: Add:

- (A) the SECTION 45 result; plus
- (B) the school corporation's 1989 net adjusted general fund levy as reduced under SECTION 20 of this act.

STEP TWO: Divide:

- (A) the STEP ONE sum; by
- (B) the SECTION 38(b) result.

STEP THREE: Determine the product of:

- (A) the SECTION 39, STEP ONE amount; multiplied by
- (B) the STEP TWO quotient; and multiplied by
- (C) the school corporation's 1989 ADM.

STEP FOUR: Subtract:

- (A) the STEP THREE product; minus
- (B) the STEP ONE sum.

STEP FIVE: Determine the product of:

- (A) the STEP FOUR remainder; multiplied by
- (B) seventy-five hundredths (0.75).

STEP SIX: Add:

- (A) the STEP FIVE product; plus
- (B) the SECTION 45 amount.

1988-59-16

SECTION 16. (a) Using the following formula, determine the amount of state tuition support necessary to fund two and five-tenths (2.5) additional school days per year:

STEP ONE: Add:

- (A) the SECTION 47 result; plus
- (B) the school corporation's equalization distribution under SECTION 22 of this act; plus
- (C) the school corporation's 1989 net adjusted general fund levy as reduced under SECTION 20 of this act and as increased under SECTION 22 of this act.

STEP TWO: Divide:

- (A) the STEP ONE sum; by
- (B) one hundred seventy-seven and five-tenths (177.5).

STEP THREE: Multiply:

- (A) the STEP TWO quotient; by
- (B) two and five-tenths (2.5).

(b) Subject to the amount appropriated by the general assembly for tuition support, the amount of state tuition support that a school corporation is entitled to receive in calendar year 1989 is the sum of:

- (A) the subsection (a) result; plus
- (B) the SECTION 47 result.

1988-59-17

(Expired 1-1-1990, by P.L.59-1988, SEC.17.)

1988-59-18

SECTION 18. (a) If a school corporation's total assessed value decreases by more than fourteen percent (14%) from March 1, 1986, to March 1, 1987, the school corporation's:

- (1) adjusted base levy for 1988 for purposes of SECTIONS 13, 15, 16, 18, 19, and 21 of this act; and
- (2) 1987 total available revenue for purposes of SECTIONS 27 through 37 of this act; are determined under this SECTION.

(b) A school corporation's adjusted base levy for 1988 is the school corporation's adjusted base levy for 1987 reduced by the same percentage amount that the school corporation's total assessed value decreased from March 1, 1986, to March 1, 1987.

(c) A school corporation's 1987 total available revenue for purposes of SECTIONS 27 through 37 of this act is determined using the following formula:

STEP ONE: Add:

- (A) total state distribution for tuition support that the school corporation actually received in the 1987 calendar year; plus
- (B) the maximum general fund ad valorem property tax levy

the school corporation may impose by law for taxes first due and payable during calendar year 1987; minus
(C) any increase in the school corporation's maximum general fund ad valorem property tax levy for taxes first due and payable during calendar year 1988 that is attributable to a decrease in federal aid to impacted areas.

STEP TWO: Divide:

- (A) the STEP ONE result; by
- (B) the school corporation's 1987 ADM.

STEP THREE: Subtract:

- (A) the school corporation's 1987 ADM; minus
- (B) the school corporation's 1988 ADM.

STEP FOUR: Multiply:

- (A) the STEP THREE remainder; by
- (B) one-half (1/2).

STEP FIVE: Subtract:

- (A) the school corporation's 1987 ADM; minus
- (B) the STEP FOUR product.

STEP SIX: Multiply:

- (A) the STEP TWO quotient; by
- (B) the STEP FIVE remainder.

SECTION 13. In accordance with IC 20-1-18.3, the budget agency, with the advice of the commission on vocational and technical education and the budget committee, may augment or reduce an allocation of federal funds made under SECTIONS 11 or 12 of this Act.

1988-209-14

SECTION 14. The following authorization is made in addition to those made in P.L.396-1987(ss), SECTION 28:

CONSTRUCTION

EDUCATION

PURDUE UNIVERSITY

Animal Disease Diagnostic Laboratory 9,000,000

(a) The trustees of Purdue University, a body corporate, established under IC 20-12-36, are hereby authorized to construct a new building and related facilities, for use by the animal disease diagnostic laboratory as established under IC 15-2.1-5, on the West Lafayette campus of Purdue University, at a maximum principal cost of nine million dollars (\$9,000,000), inclusive of all construction, planning, architectural and other related costs, but excluding interest and financing charges, costs and expenses. The trustees of Purdue University are further authorized to issue bonds or other evidences of indebtedness, to provide funds for payment of said costs, in principal

amounts not in excess of said maximum, pursuant to IC 20-12-6, subject to the approvals required by IC 20-12-5.5; and to pledge any of its available funds not otherwise encumbered, as may be required to secure repayment of said borrowed funds, together with interest and financing charges, costs and expenses.

(b) The Indiana department of administration, acting on behalf of the Indiana state board of animal health, in recognition of said board's statutory functions involving the animal disease diagnostic laboratory, is hereby authorized and directed to enter into a lease agreement, as lessee, with the trustees of Purdue University as lessor, covering said new building and facilities, providing for the sole use and occupancy thereof by, and for the purposes of, the animal disease diagnostic laboratory. The annual rental amounts payable to the lessor under such lease shall not be less than the amount of annual principal and interest debt service costs of the lessor, for the same annual periods, under its bonds or other evidences of indebtedness issued under subsection (a) above. The department of administration is further authorized and directed to maintain such lease, or renewals thereof, in force until the total rentals paid equal the total principal and interest debt service costs of the lessor under said bonds or other evidences of indebtedness. The trustees of Purdue University thereafter shall permit the animal disease diagnostic laboratory to occupy and use said building and facilities rent free.

1988-209-15
